Minors at Geneseo: _____

Names of Cooperative Engineering Schools that you have applied to, in order of your preference:

School	**Intended Engineering Major***
1._____	_____
2._____	_____
3. _____	_____

*Note that even though some schools offer non-engineering programs (e.g., "Operations Research", "Applied Mathematics"), you will not be able to count courses without an official engineering prefix towards your Geneseo major. Furthermore, these courses must be courses that Dr. Pogo can reasonably apply to your major, instead of math or programming courses.

Process Checklist
